# HISTORY

## FROM 1901 TO NUMBER ONE

What began over a century ago as a simple furniture polish laboratory and plant in the garage of founder Frank Meguiar, Jr., now spans three generations of Meguiar family stewardship. Meguiar's, Inc. has become one of the world's leading surface care products companies, providing highly specialized products for almost every conceivable type of surface.

In his wildest dreams, it's doubtful that Frank Meguiar, Jr., could have foreseen what his first bottle of furniture polish in 1901 would evolve into over the next 100 years. When he first began, he made one bottle of polish at a time using an eggbeater. Eventually, with the help of his kids, he was able to produce enough product at night to fill the next day's orders and pay for groceries.

From his first bottle of furniture polish, Frank Meguiar, Jr. was steadfastly determined never to sell a product unless he was convinced it was the very best of its kind on the market. To this day, the family follows that dictate and, as a result, is the number one selling car wax in America with the highest consumer loyalty. Meguiar's diversified product line is distributed in over 92 countries worldwide and consists of more than 300 different cleaners, polishes, waxes, conditioners, and protectants for homes, cars, boats, trains, planes, and almost every other type of surface.

Over a century of excellence.

In 1923, this was truly a family business with everyone helping to make products at home. During the day, Frank Meguiar, Jr. would demonstrate and sell the product made the night before to pay for groceries.

The family business grew out of the garage and into the office shown above in 1936.

Frank Meguiar, Jr.'s passion for quality and value, continues to be what makes our products unique today.

## THE MANUFACTURERS

Meguiar's technicians work closely with the world's leading automotive paint and car manufacturers. Meguiar's serves as a consultant and product supplier, to major carmakers around the world focused on paint quality and paint correction issues in their assembly plants and at the dealership level.

## THE PROFESSIONALS

Meguiar's began to research and develop products and services for professionals over one hundred years ago. Today, our team continues to introduce new technologies and procedures in anticipation of the needs of a continually changing industry. Supercharged by our passion and car crazy attitude, Meguiar's remains committed to helping car dealers, body shops, detailers and serious enthusiasts restore, create, and maintain a flawless finish on every surface.

## THE PASSION

Meguiar's sponsors, staffs, and supports over 9,000 car shows and events around the world each year in addition to supporting more than 1,500 car club events annually. At almost every car show and automotive museum in the country, you will find Meguiar's products proudly being used to maintain and showcase prized automobiles. As part of its passionate support of the hobby, Meguiar's created "Car Crazy® Television," seen weekly on the SPEED Channel national cable network, [carcrazycentral.com](http://carcrazycentral.com), where the car hobby clicks, and "Car Crazy Radio."

## MT310 PROFESSIONAL DUAL ACTION POLISHER

### MEGUIAR'S DUAL ACTION POLISHER 220V CODE: MT310

**Professional Grade Dual Action Polisher. Defect removal, polishing and waxing made easy.**

Whether you're a seasoned professional or a casual user who wants show quality, swirl free results, this is the tool for you.
